The trend

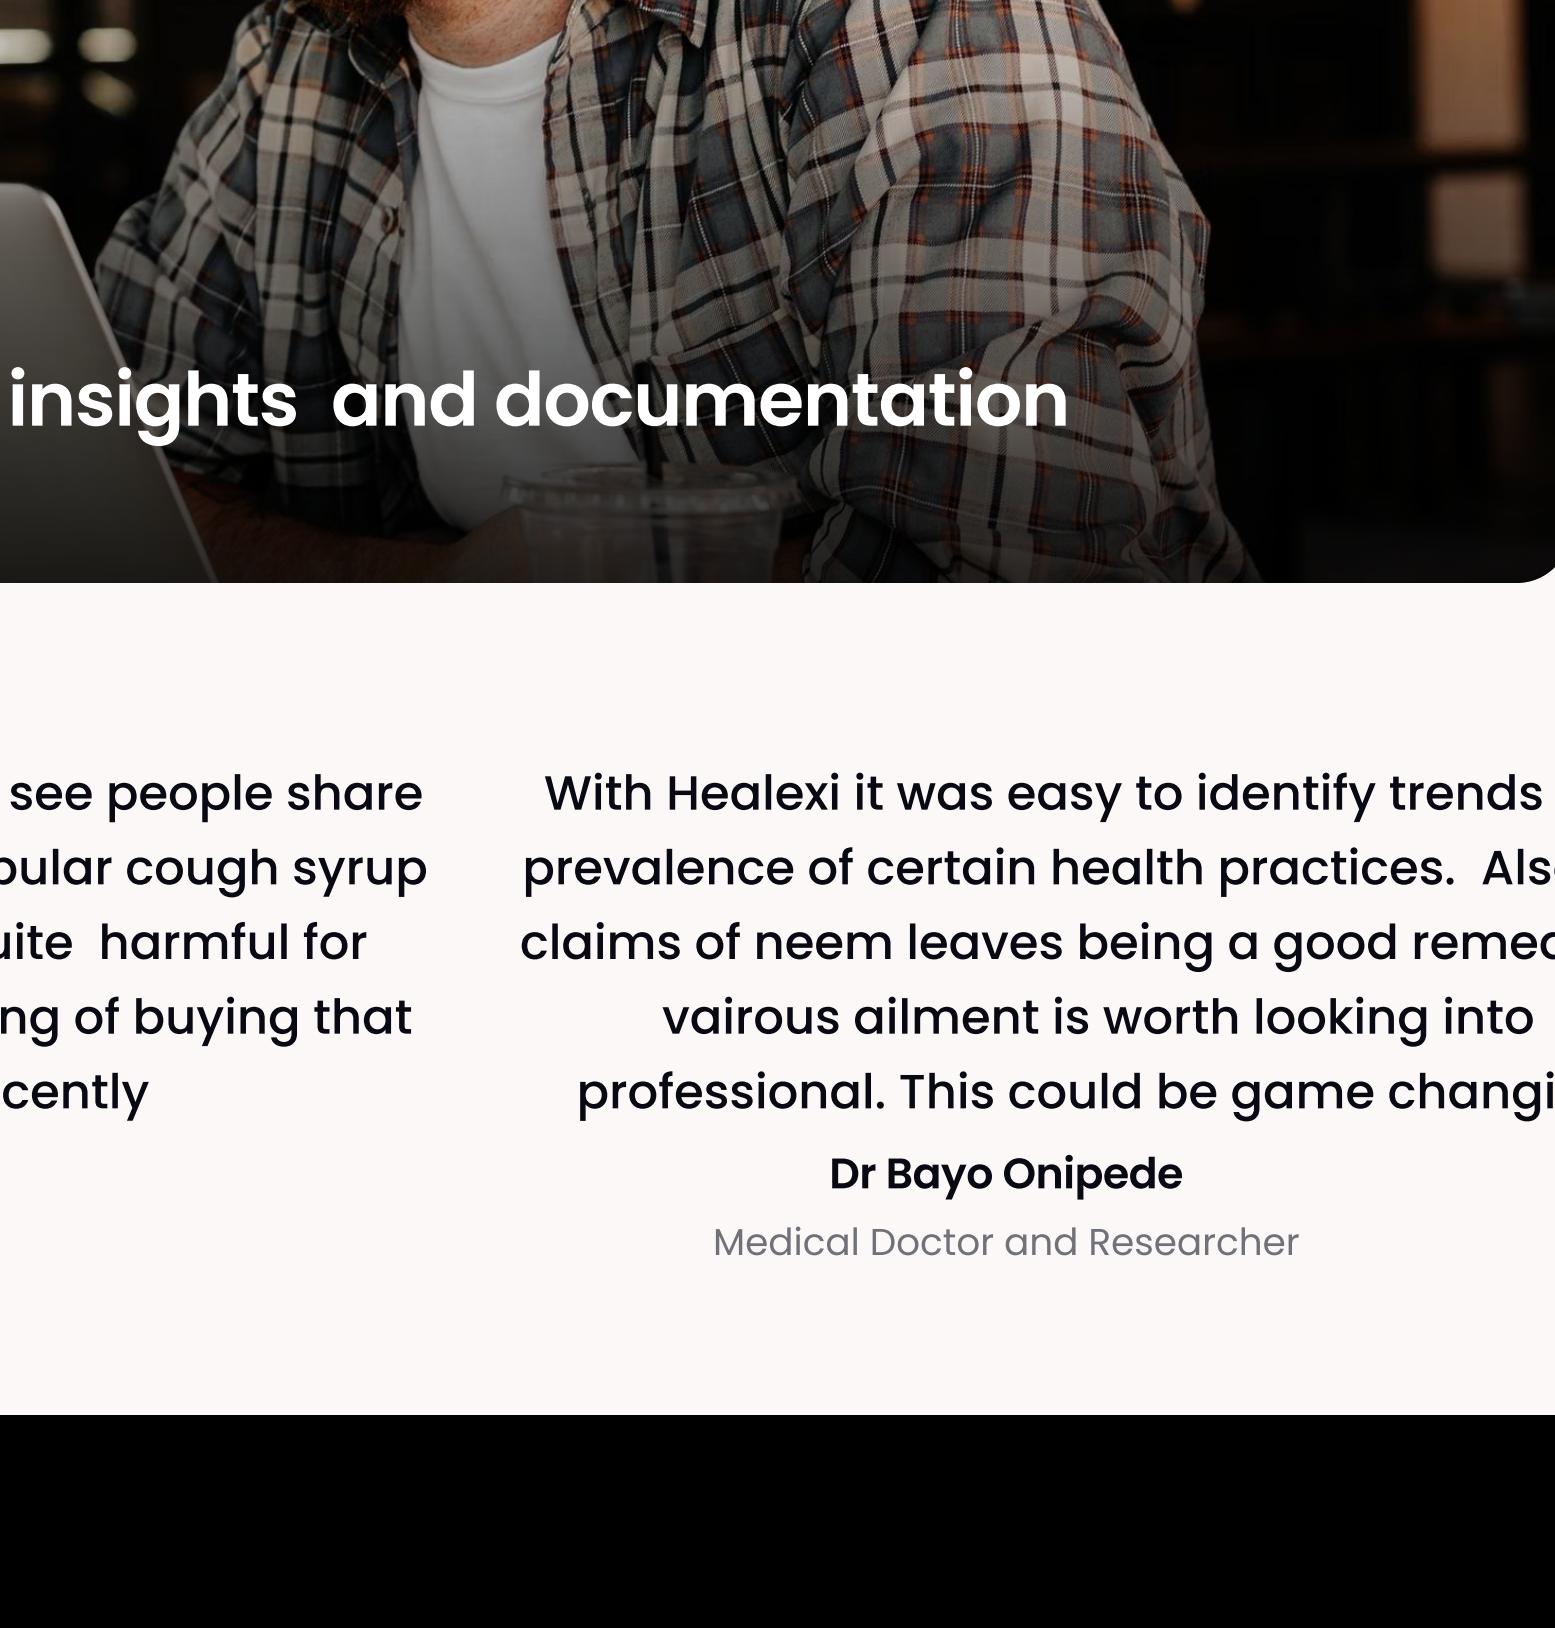

Make informed Health Decisions

We've done all the heavy lifting so you don't have to — get all the data you need to launch and grow your business faster.

70%

Nigerians rely on traditional medicine

Centuries worth of traditional health solutions are at risk of being lost or misused due to improper documentation and lack of medical validation. This not only leads to potential health risks but also prevents these valuable remedies from being properly researched and improved (WHO)

80%

Persons noted that they have come across potentially misleading health information online

So many platforms sharing unverified and potentially dangerous health information

200+

Ongoing research and case studies

We are providing a robust platform for medical research and trend analysis and health insights

Why Healexi?

People struggle to find reliable health advice online, often trying various medications without success. In fact, up to 60% of health information found online is inaccurate or misleading.

Traditional remedies, used effectively for generations, are at risk of being lost due to a lack of centralized documentation and validation as well as the lack of an effective for further research and improvement by medical personnel.

Here is how Healexi is rewriting health insights and documentation

Healexi is a life saver for me. Seeing so many health solutions that I have read online to be beneficial being flagged as dangerous was not doubt an opening experience for me

Judith Azagba

Teacher and Mother

It was amazing getting to see people share their experiences on a popular cough syrup that turned out to be quite harmful for some babies. I was thinking of buying that for my child recently

Ogbonna Umeh

Trader

With Healexi it was easy to identify trends and prevalence of certain health practices. Also the claims of neem leaves being a good remedy for various ailment is worth looking into professional. This could be game changing

Dr Bayo Onipede

Medical Doctor and Researcher

FAQ

Frequently asked questions about Healexi Health Exchange and Insights

Q: Is Healexi a substitute for medical advice?

A: No, Healexi is not a substitute for medical advice. We seek to provide a platform that provide community verified health insights and shared experiences as well as expert review on these insights. This is to discourage while it provides valuable insights into what has worked for others and expert opinions, it should not replace professional medical consultations.

Q: How can I contribute to Healexi?

A: Users can share their own health experiences and remedies on the platform, participate in community voting, and provide feedback. This helps build a robust knowledge base that benefits everyone.
